Subject: COVID Ops

Hello DC

I have been talking with our team about COVID contingencies.

If necessary we could suspend operations of the Command however I would recommend we continue the direct frontline support provided by the district based HRT's and the PCC embedded DFVC's (albeit the latter are seconded in from districts who may be seeking them back).

Unfortunately this would only realise two police positions for redeployment (me and Ben). We only have two other permanent police positions (Supt – seconded to ESC & SSgt - on long term sick leave). All other police positions are temporary (4 vacant and 5 belonging to other areas).

In terms of staff members (due to secondments and vacancies) we have a maximum of 11 positions which could be considered for redeployment (1 x AO6, 4 X AO5, 3 X AO4, 3 X AO3). I have not yet confirmed any limitations on their potential redployability.

Regards

Brian Codd APM
Assistant Commissioner
Domestic, Family Violence & Vulnerable Persons Command | Queensland Police Service
